20 June 5th 2017

21 A Demand is made for all recordings from Body mikes DASHCAMS,
22 Security cameras at the gas station, intake/prebooking room
23 and from my cell be they audio or video. All text messages from
24 officers including any out of band communications relating to this
25 case. Any Exculpatory Evidence that may lead to acquittal.
26 A Brady Request. Any disciplinary reports for the officers involved
27 both now and into the future which might have any bearing on discredit
28 their criminal complaints or impeaching their credibility such as
29 Perjury. Any BAR Grievances made against attorneys, Judges involved.
30 Any facts supporting officer Davis' position that the rules
31 and constitution laws, etc. apply just because one is inside the
32 borders of the county. Also Any first hand witnesses to
33 support this position with a first hand personal knowledge
34 to this effect whom the officers rely on for legal advice and
35 training,

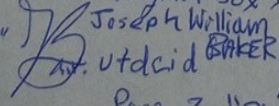

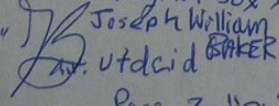

1 These materials will be required to be reviewed by
2 myself and any co-council which may be provided by
3 the Public Defenders office, ~~to determine how~~ I will also
4 be given the ability to Cross Examine ~~witnesses~~ the authors
5 of the Complaints and the District Attorney and the head of
6 the Public Defenders office at the arraignment or I will consider
7 the lack of such opportunity a violation of Fairness as
8 I need to determine the level of Fairness and Cooperation
9 And get to the heart of a jurisdictional matter at the
10 very onset inside the arraignment hearing(s).
11

12 Notice of no regular source of Income, no house other than
13 my car itself and my tent is given. If the court deems
14 it fair to provide services free of cost I will not object.

15 Request is made for assistance to acquire a Drivers
16 license in the State of Utah. With past run-ins with
17 law enforcement I have been fearful to apply
18 for a drivers license because of first hand experiences
19 having been lied about in police Reports, been Threatened
20 with "kicking your ass" by 5 officers when I asked what would happen
21 if I didn't comply. And having my head/neck stomped on
22 by "officer" Richard S. Davis of ~~Burling to Bakersfield~~
23 California. So I didn't know what might happen
24 if I went to obtain a drivers license - if I would be held
25 and turned back over to be in fear for my life.

26 Request for true, honest and Fair Proceedings due to
27 first hand knowledge and Experience.

28 Correspondence Address requires additional 10 days for
29 process serving due to "TravelingMailbox's" Internal Processes;
